Sleek, The Kitchen Specialist

It would be true to say that Sleek has changed the way Indians cook today. The first to introduce the concept of wire baskets for kitchens in 1993, Sleek has consistently innovated and refined its products to offer the best to the Indian consumer.

The company started its manufacturing process with plastic coated wire accessories, and soon added Stainless Steel accessories to its product portfolio under the brand names Sleek Designer & Sleek Tuff baskets, Sleek Bold Baskets. The company then diversified into kitchen cabinets, shutters, hardware, appliances. Today, Sleek stands tall as a complete kitchen solutions provider.

Sleek's state-of-the-art manufacturing units at Vasai and Pune are the backbone of the company. The brand new Application Centre at Mumbai houses all the latest innovations designed by Sleek's specialist designers.

The company lays special emphasis on sales and training of its dealers and prospective Sleek entrepreneurs. The professional training program aims at equipping them with all the knowledge and skills required to make them a Specialist in this field.

Today, Sleek boasts of the largest network with 1500 dealers & sub dealers and 26 exclusive kitchen showrooms all over India. With over 75,000 kitchens installed annually, and components supplied to over 10 lakh households every year, Sleek has proven its claim of being India's most popular modular kitchen brand.

In 2013, Sleek aligned forces with Asia's largest paint company - Asian Paints Pvt. Ltd.. With this association, Sleek is looking forward to unprecedented growth in the coming years.

The company has also tied-up with many International giants including Grass, Scilm, Tecnoinox, Kessebohmer to offer world-class quality and workmanship to the discerning Indian consumer. With orders pouring in from the Gulf and African countries, Sleek is now making inroads into the global market as well.

Awarded:

Kitchen Retailer of the year 2012 – India Kitchen Congress

FREELIFT: INTELLIGENT ENGINEERING IN A CLASS OF ITS OWN

FREELIFT by Kesseböhmer

Reliable power, slimline designs, strong performance

Advanced, Slim, Precise. The most advanced lifter family on the market meets all the criteria for looks and functionality. Aesthetics is an emotional criterion that even technical products must achieve today. They have to perform perfectly and look beautiful too.

The slim and elegant looks of the different members of the FREELIFT family underline the obvious advantages of Kesseböhmer's high-precision technology. Specialists in the contemporary look.

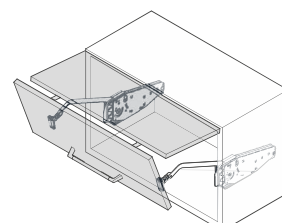

The FREELIFT lifter family delivers silky smooth opening and closing action for wall cabinets with a wide range of flap sizes and weights. The easy and harmonious movements are quiet, soft and effortless-these outstanding characteristics represent striking benefits to the user.

FREEfold

Advantages

- Specially developed for tall wall units
- Also for low ceilings and heavy fronts
- Ideal for transparent glass fronts and units with interior lighting
- Safety hinges on the fold to prevent any risk of finger pinching
- Multi-Position-STOPP
- E-Senso system which opens the front automatically with just a light tap

SAP Code	Product Description	Cabinet Size	Weight Capacity
HILP5088	KBR Free Fold	580-650mm	4.3 - 9.2Kg
HILP5089	KBR Free Fold	650-730mm	5.8 - 12.2Kg

*Front weight including handle

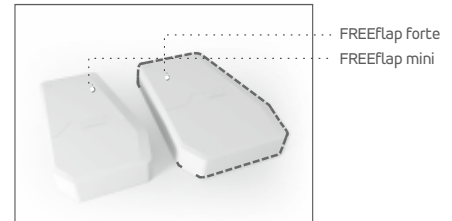

1 Set

FREEflap mini / forte

Advantages

- Minimal installation depth (118 mm)
- Generates force to lift 27 kg
- 90° & 107° opening angles
- Multi-Position-STOPP

Add a touch of sleek elegance to your kitchen with Grass

It's magical how a kitchen can be turned into such a wonderful expression of personal style. Keeping this in mind, Sleazk brings you Grass Nova Pro, the world-famous kitchen drawer system from Austria.

Grass drawers have an intelligent blend of taste and functionality. Our revolutionary technologies for the kitchen drawer include SENSOTRONIC, a handle-free, touch-operated, electronic system, tipmatic system; and a oiltech mechanism that ensures smooth closing of drawers.

From its smooth runners and rollers to the automatic closing and oiltech system, the Nova Pro drawer has features to make your kitchen exclusive in every way.

Nova Pro also offers unlimited storage options, such as rectangular and round railings with variable lateral and transverse sub-compartments, to give tremendous variety and flexibility to all forms of methodical storage.

Grass Nova Pro Full Extension

Certifications

Nova Pro - Benefits for all

Installing and removing

One single movement completes installation and removal of a Nova drawer. There are no levers involved.

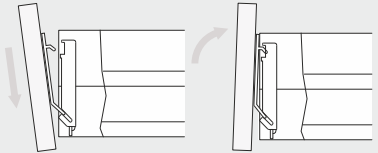

Front installation + removal (tool-free)

The drawer front panel can be attached or removed with one movement. Simple and tool-free!

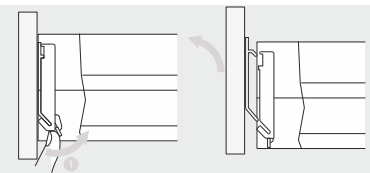

Assembly

1. Angle the front panel with the installation hooks into the lower slanted slot. (0-positioning with the installation hooks).
2. Tilt the front in and...
3. ...Press down.

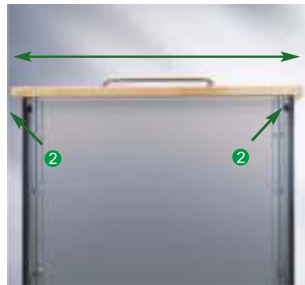

Removing

1. Press the catch and ...
2. ... Remove front panel.

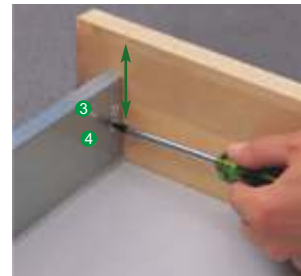

Tool-free side-adjustment

1. Press the catch hooks ② (left and right) to the back.
2. Lift the front up lightly and slide over the ribs.

Height adjustment

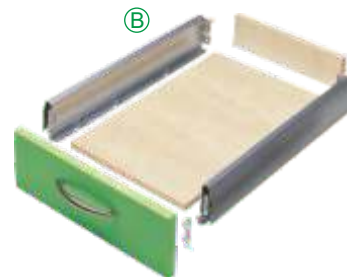

Lightly loosen screw ③ and slide the front with the eccentric screw ④ into the desired height position. Adjustment range ± 2 mm. Tighten screw ③.

Ⓐ Hygiene

Hygiene is a major requirement in any kitchen. With Grass Nova, the non-toxic coating and the narrow cleaning lip, that's no problem at all.

Ⓑ Economical base panel cut

Nova drawers incorporate the simplest base panel cuts, eliminating the need for grooving, drilling and bevelling the bottom panel. That means fewer operations that lead to more money savings.

GREATER STABILITY

The consumer does not see Nova Pro: he experiences it, and associates that good feeling with the Grass brand, of stability and of quality workmanship.

BETTER SYNCHRONISATION

The drawers move in one single flow, like the trained body of a champion. There is no intermediate jolting when opening and closing the drawer.

BETTER SLIDING

Nova Pro drawers don't slide – they glide. They move smoothly at the touch of your fingertips.

ONE SIZE BENEFITS ALL!

Nova Pro has tons of small features with great value. These are small improvements but they make a great difference to everyone, from fitters to our customers.

MINIMUM PULLOUT FORCE

Nova Pro requires least of all the pulling force than any other brands. 20N

New: The multifunction part to accommodate the new oiltech system and for fitting and removing without the need for tools.

Using oiltech system as the operating medium provides reliable smooth closing and ensures hygiene in the kitchen.

New : The excellent synchronisation

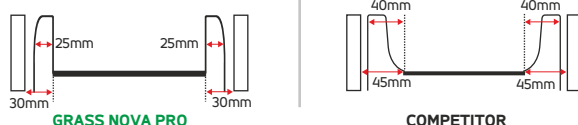

New : Even stronger and more stable, with perfect automatic closure system.

HIGH STORAGE SPACE THAN YOU CAN IMAGINE

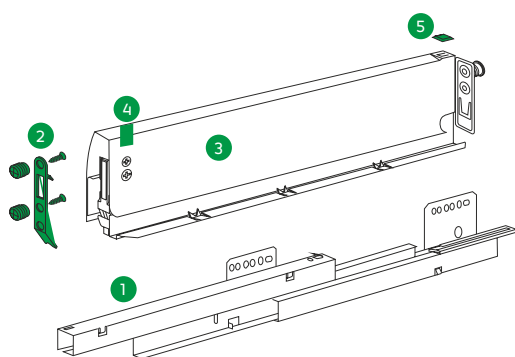

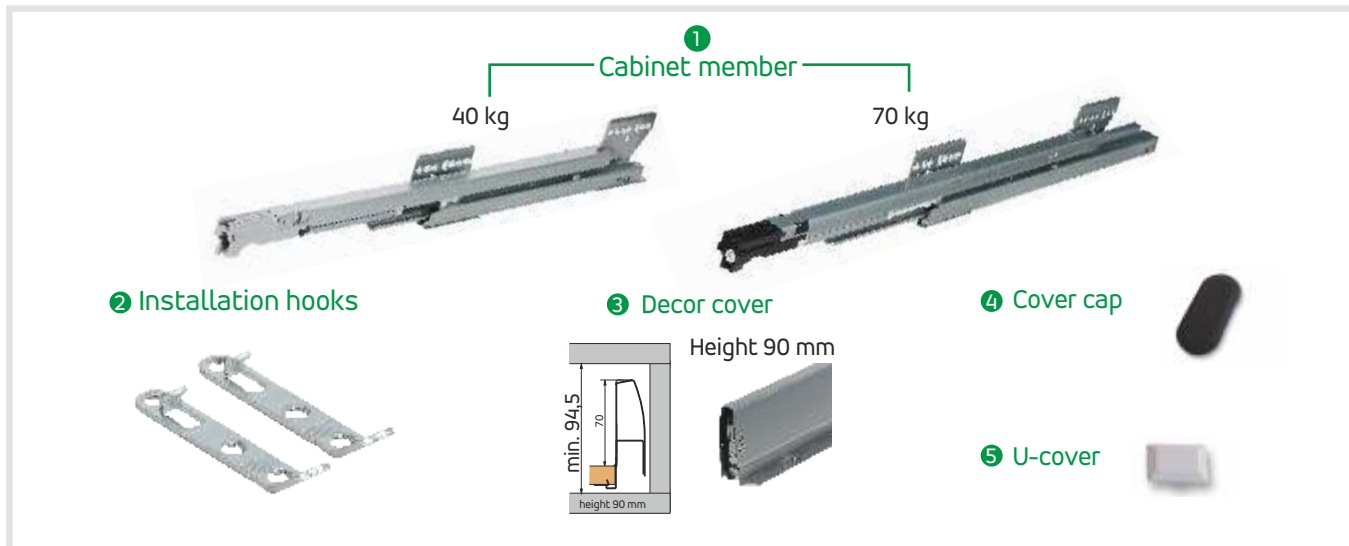

Time and again, it has been proven that Nova Pro offers virtually unlimited options for methodical storage. Not only is there space for everything, but everything is in its right and proper place.

Streamlined design and minimal installation width save valuable space in your kitchen. **The area saved by installing 13 drawers using Grass Nova Pro accommodates an entire drawer.** Grass railing systems have lateral and transverse sub-compartments, bottle holders and many more options to save space and ensure smooth opening and closing.

Nova Pro - Installation Bottom and Back Panel Measurement

• Installation measurement for Nova Pro Deluxe

Installation dimension

Assembly:

Technical information

Installation measurement 58 ± 0.5 Tolerance adjustment ± 1 mm Bottom panel thickness 16 mm Cabinet member mounting: Euro screw dia. 6 x 13mm. Drill depth-13mm

The sizes for bottom nova pro for std depth is calculated as follows

Width of the carcass	Size of the Bottom		
	Width of carcass -94mm (for 18mm carcass)	Depth of the Nova Pro channel - 2mm	Size to be ordered width x depth
450 mm	450 - 94 = 356	500 - 2 = 498	356 x 498
600mm	600 - 94 = 506	500 - 2 = 498	506 x 498
OR Internal Clear cabinet width (ICW)	ICW-58	Depth of runner-2	(ICW-58) x (Depth of runner-2)

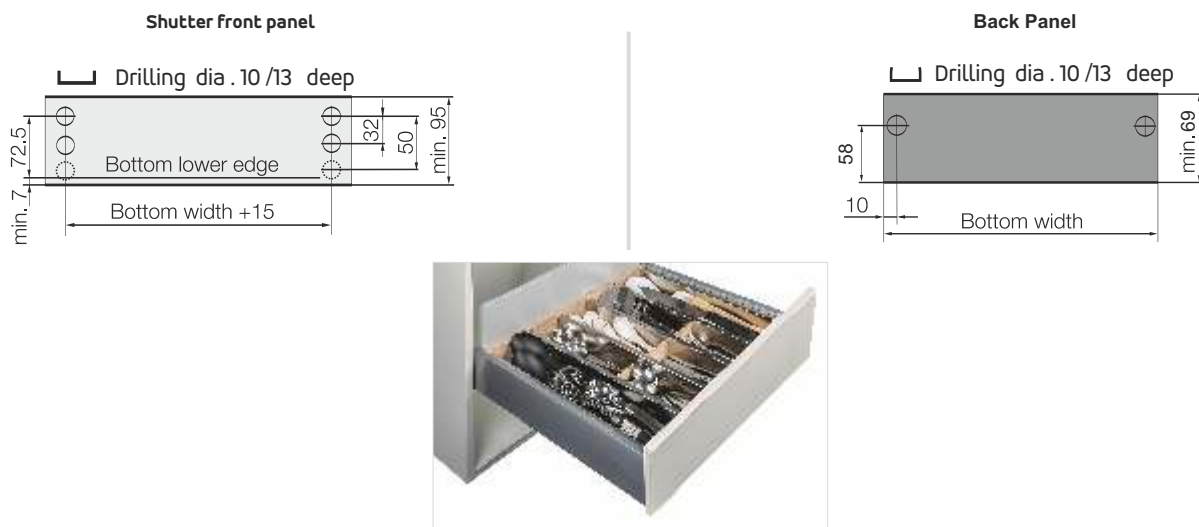

Calculation for the Normal back for Nova Pro

Width of the carcass	Size of the Back		
	Width of carcass - 94mm (for 18mm carcass)	Height of the Nova Pro Back	Size to be ordered width x depth
450 mm	$450 - 94 = 356$	69	356×69
600mm	$600 - 94 = 506$	69	506×69
OR Internal Clear cabinet width (ICW)	ICW-58	69	$(\text{ICW}-58) \times 69$

Calculation for the High back for Nova Pro

Width of the carcass	Size of the Back		
	Width of carcass - 94mm	Height of the Nova Pro Back	Size to be ordered width x depth
450 mm	$450 - 94 = 356$	170	356×170
600mm	$600 - 94 = 506$	170	506×170
OR Internal Clear cabinet width (ICW)	ICW - 58	170	$(\text{ICW} - 58) \times 170$

• Front panel installation measurement for Nova Pro Deluxe

Calculation for the Nova Inner Drawer Front Panel

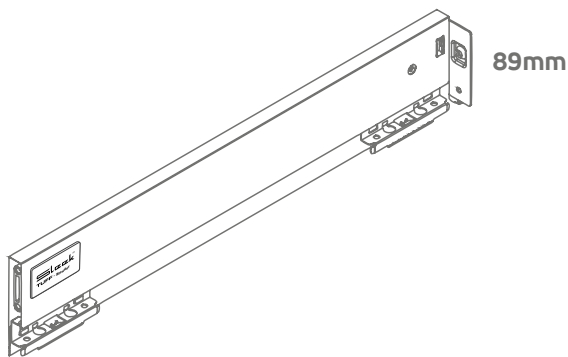

Width of the carcass	Size of the Nova Inner Drawer Front		
	Width of carcass - 110mm (for 18mm carcass)	Height of the Nova Pro Front	Size to be ordered width x depth
450 mm	$450 - 110 = 340$	73	356×73
600mm	$600 - 110 = 490$	73	506×73
OR Internal Clear cabinet width (ICW)	ICW-74	73	$(\text{ICW}-74) \times 73$

Tuff Slender

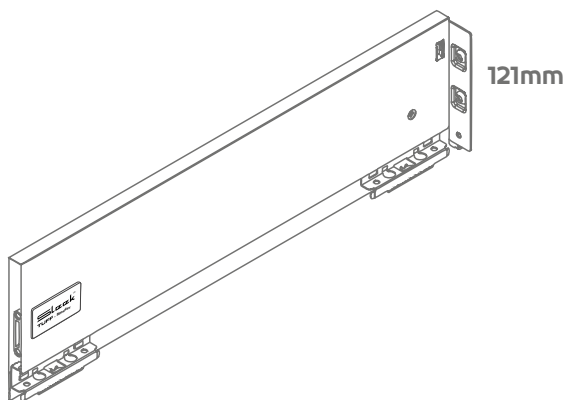

Tuff Slender

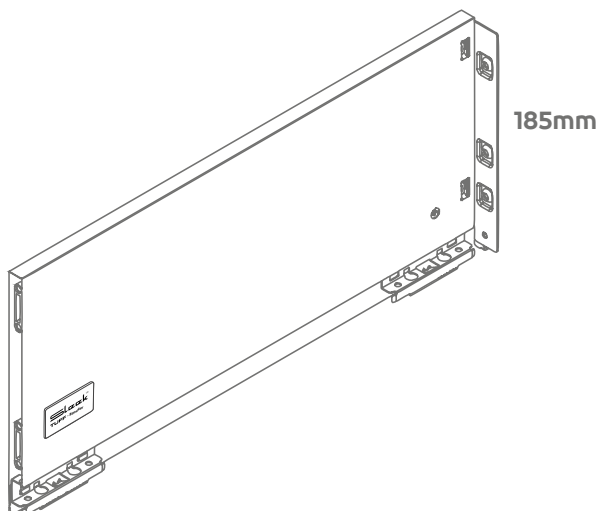

- Weight carrying capacity 40kg
- Fully synchronized motion
- Easy installation and removal
- 3D front adjustments: Up-Down 2mm, Left & Right 1mm, Front slope 4mm
- More-usable internal volume
- Sleek design
- Tested for 60,000 cycles
- Soft Close
- Available in 89, 121 & 185mm height
- Sizes - 350, 400, 450, 500, 550 mm

FURNITURE TECHNOLOGY

Scilm S.p.A.

We offer solutions and harmony.

Scilm has operated for over 30 years in the kitchen component market and supplies the major Italian and European brands. This success has been achieved thanks to technology, taste and the made in Italy style that distinguishes us. We do not only supply components but true systems and accessories suitable to build modern, practical and robust kitchens. We offer quality products for Indian homes that are quickly assembled, modular and render kitchens practically eternal.

The Scilm skills are focused on molding, plastic extrusion and coating. Scilm is also equipped with advanced CNC equipment for aluminum processing and a modern anodizing plant. The products presented in this catalog are entirely made in Italy.

Scilm meets the most severe environmental regulations and has the ISO certification for quality and environmental systems.

* Connects 2 skirting

Cover Profile for Skirting

Code no.	Finish
GR992-02	White
GR992-06	Black
GR992-07	Matt Aluminium / Mirror Finish

The inbuilt dishwasher & washing machine shutter hits the skirting on opening and the skirting comes off. To avoid, the skirting needs to be cut and this cover prole is used to nish the cutout.

Corner Profile (Multi)

Code no.	Dimension (mm)	Finish
426A-97-A11SF	100 mm	Matt Aluminum
426A-147A11SF	150 mm	Matt Aluminum
426A-97-A15SF	100 mm	Mirror Finish
426A-147A15SF	150 mm	Mirror Finish
426A-97-706SF	100 mm	Black
426A-147706SF	150 mm	Black
426A-97-882SF	100 mm	Glossy Finish
426A-147882SF	150 mm	Glossy White

*The PVC foil is designed to bend over the edge and this gives a clean, nished looked. The foil will not peel with normal wear and tear.

*Very easy to install for external skirting corner joint (Only one skirting has to be attached to the corner prole & 2nd skirting will get overlap by the corner prole.)

Rehau - Vetro line
